ICAA Skills Enhancement has eight openings left for secondary education financial assistance

Ladysmith, WI — ICAA’s Skills Enhancement Program has the capacity to assist 8 more students who are currently enrolled, or planning to enroll, in secondary education. The program provides financial support to students to cover common expenses such as tuition fees, books, and certification costs. It also covers expenses that may fall outside of student loan parameters, such as gas expenses to travel to and from school, and childcare expenses while students are attending classes. Ongoing coaching is also provided to students for no cost.

ICAA’s Skills Enhancement Program is available to individuals living in Burnett, Clark, Rusk, Sawyer, Taylor, and Washburn counties. Eligible students must be working at least 20 hours part-time and be income qualified.

ICAA Skills Enhancement Manager, Andrea Gunn states, “This is more than just financial assistance. Our staff provides coaching throughout the student’s educational journey, helping the student with building their resume, and even assisting them with securing a job after graduation.”

Some of the program’s most common certification courses include: Early Childhood Development, Medical Coding, CDL certifications, and CNA licensing.

For more information about ICAA or the Skills Enhancement Program, call 715-532-4222 or visit www.indianheadcaa.org.
